REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: claims 1-2, 4-5, 7-9, 11-13, 15-17 and 19-21 are allowed at least for the reason that the prior art of record does not teach or reasonably suggest the collimating lens used in a beam scanning apparatus, the collimating lens transforming a light beam emitted from a light source into at least one of a convergent beam and a parallel beam with respect to an optical axis and outputting the light beam towards a slit, the collimating lens being one sheet of a spherical surface lens, which comprises a first surface, opposing the light source, having a first curvature radius and a first positive constant refractive index, a second surface, opposing the slit, having a second curvature radius and a second positive constant refractive index, and a center thickness, wherein a length of the second curvature radius is between -0.3 and -0.1 times a length of the first curvature radius, and a length of the center thickness is between 0.05 and 0.5 times a focal length of the collimating lens, and wherein a magnification ratio in a main scanning direction and a magnification in a sub scanning direction are substantially the same, as set forth in the claimed combination.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
